Sir,

Reference:- G.O.No.2704 Ms. P.H. dated 21-10-1937

I have the honour to state that one Sri Rao Sahib G.P.Mallappa of Kollegal and representative of Sri Madappa, the Donor of the New Maternity Ward at Kollegal has interviewed the District Medical Officer, Coimbatore on the question of equipment for the new block.

The District Medical Officer at the request of Sri Madappa furnished two lists of furniture for his consideration - one list an expensive one, and another minimum

requirement

requirement. Copy of the two lists are enclosed for the information of Government. Sri Madappa, the Donor wants to equip the ward according to the better and expensive list of equipment.

The estimate of the cost of better class equipment is about Rs.2,000/-, Government in their order under reference have sanctioned a non-recurring sum of Rs.1065/- for medicines and hospital necessaries. The Donor wishes to split the difference with him, ~~that is~~, the balance of Rs.935/- to be made up half by Government and half by himself.

As the donor has done much for the Kollegal hospital, I recommend the wish of the Donor for favourable consideration and orders in the matter.

C.No. 37233, from the S.G., No. 16097-2 A,
dated 27-8-1938.

Subject: Government Hospital, Kollegal -
New Maternity Ward - Equipment.

fp 39-40 or (I)

In G.O.No. 2704 P.H., dated 21-10-37, the Government sanctioned the construction of a maternity ward of 8 beds, the entire expenditure being met by the donor, Sri G.M. Madappa of Kollegal and the incurring of a non-recurring expenditure of Rs. 1,065 on equipping the ward.

p 34

2. The Surgeon-General has now forwarded two lists of furniture, one an expensive one and another of minimum requirements and states that the donor wishes to equip the ward according to the expensive list and is willing to pay half the difference between the cost of the expensive furniture and the sum sanctioned by the Government in the G.O. for equipment.

p 7 4
p 8 4

3. The cost of the expensive furniture comes to Rs. 1841 and that of the minimum requirements come to Rs. 912. If the minimum requirements are purchased, the Government will be incurring an expenditure of only Rs. 912. If the proposal of the Surgeon-General is accepted, the Government will be incurring an additional expenditure of Rs. 465 in addition to Rs. 912 which they will be incurring normally as shown below :

		Rs.
(1) Cost according to the expensive list	..	1,841
(2) Cost of the minimum requirements	..	912
Difference	..	929

Moiety of the Difference Rs. $\frac{929}{2}$ = Rs. 464-8-0 or roundly Rs. 465/-

The total expenditure for the Government according to the recommendation of the Surgeon-General is Rs. (912 plus 465) or Rs. 1,377/-. i.e Rs. 312 more than what was originally sanctioned.

The S. G. states that the donor, Sri Madappa, has done much for the Kollegal Hospital and recommends that the wish of the donor may be favourably considered. As the equipment is for the ward of 8 beds constructed by Sri Madappa at a cost of Rs.10,000, it is ~~therefore~~ for consideration whether the recommendation of the Surgeon-General may be accepted.

The remarks of Finance Department may be invited.

Please see the notes of E & P.H. on pp 1-2 ante.

The Surgeon-General has not explained the necessity for providing equipment to the Kellyal Hospital on an expensive scale involving the Government in an expenditure of Rs 312 in addition to the sum of Rs 1,065 sanctioned in G.O. No. 2704 P.H. & 21.10.37.

K/arp 2 ante

In view of the need for economy in expenditure, this department may suggest that the expenditure may be limited to the sanctioned amount of Rs 1,065. If, however, the donor desires to equip the hospital with a better class of equipment entirely at his own cost, this department need not, it seems, object to the proposals.

In Govt Hospital, Kollegal

In Go. No. 2704 PH dt 21-10-38 the Govt sanctioned the Construction of a maternity ward of 8 beds, the entire expenditure being met by Sri G. M. Madappa of Kollegal. the ward with a better class of equipment and that he is willing to pay half the difference between the Cost of the better class equipment and the sum sanctioned by the Govt. In view of the present financial stringency and the need for economy in expenditure, the Govt consider that the expenditure should be limited to the sanctioned amount of Rs 1,065. They are, therefore, unable to accept the proposal of the donor. They have, however, no objection to the proposal to equip the ward with the better class of equipment if the donor will meet the entire ~~the wishes to do it at his own cost so far as~~ extra expenditure. ~~is~~ himself ~~Concerned~~.
